This document represents a consolidated view of figures determined by the market-responsible underwriters of Swiss Re and Munich Re. The underlying information is based on publicly available data as well as the market expertise of our specialists. During several joint sessions between the companies, discrepancies were reviewed, sources validated, and final values agreed. Where no reliable public sources were available, certain figures rely on expert estimates. Conversions into USD are based on the respective annual average exchange rates for 2024.
